### National School Counselor Week February 6-10<sup>th</sup>

February 6-10<sup>th</sup> has been designated as National School Counselors Week. Caddo hopes that everyone in the district will take some time to show their appreciation for all the hard work that our counselors do. In Caddo, counselors serve as SBLC chairpersons, testing coordinators, 504 team members, PBIS facilitators, schedule classes, enroll students, drop students, and between wearing all of those hats and many others, they teach guidance lessons, do individual counseling, crisis counseling, grief counseling, and proactive and reactive counseling! Counselors are some of the busiest people in the entire district! CSCA's theme this year is Committed, Serving, Caring, Advocates. Counselors really are the heart of the school. Please take the time to let them know that they are appreciated.
